

# Metro is making service changes.

New schedules start June 26, 2022.

**Metro**<sup>®</sup>

**Metro is making service changes to most bus lines starting on Sunday, June 26, to provide our riders with more reliable and predictable service. The changes will add more frequent service restored to the busiest bus lines. For more details, check specific bus line schedules at [metro.net/mybus](http://metro.net/mybus).**

**The following lines will have route modifications:**

4, 30, 33, 70, 106, 154, 164, 165, 605, 690 and L Line Shuttle.

Line 130 will be discontinued.

**The following lines will have revised schedules weekdays, Saturday and Sunday to improve service reliability:**

4, 16, 20, 30, 33, 81, 92, 94, 117, 150, 152, 154, 182, 204, 206, 222, 232, 236, 267, 603, 605, 690 and 720

**The following lines will have revised schedules weekdays to improve service reliability:**

2, 10, 14, 20, 35/38, 37, 45, 48, 51, 53, 55, 60, 66, 70, 78, 81, 92, 102, 105, 108, 115, 117, 120, 125, 128, 152, 155, 161, 164, 165, 166, 167, 169, 205, 207, 210, 212, 217, 230, 240, 251, 260, 265, 487/489, 501, 577, 602, 754 and 761

**The following lines will have revised schedules Saturday to improve service reliability:**

40, 51, 60, 70, 102, 105, 108, 111, 115, 162, 164, 205, 207, 258, 344, 460 and 754

**The following line will have revised schedules Sunday only to improve service reliability:**

258

**2** – Improve weekday peak period frequency from every 10 minutes to every 7.5 minutes. Revised schedule weekday to improve service reliability.

---

**4** – New western terminus is located at 6th St north of Santa Monica Bl in Santa Monica, with updated route and stops. Revised schedule weekdays, Saturday and Sunday to improve service reliability.

---

**16** – Revised schedule weekdays, Saturday and Sunday to improve service reliability. Weekday peak period frequency improves, changing from every 7–7.5 minutes to every 5–6 minutes.

---

**28** – Weekday peak period frequency improves, changing from every 10 minutes to every 6–8 minutes, and changes weekday midday from every 12 minutes to every 10 minutes.

---

**30** – Updated route northeast of downtown LA proceeds direct via 1st St in both directions (no longer Vignes St, Temple St, Judge John Aiso St) due to completed construction. Revised schedule weekdays, Saturday and Sunday to improve service reliability.

---

**33** – New western terminus at 5th St north of Santa Monica Bl in Santa Monica, with updated route and stops. Revised schedule weekdays, Saturday and Sunday to improve service reliability. Weekday frequency improves, changing from every 10 minutes to every 7.5 minutes, and Saturday and Sunday frequency changes from every 12 minutes to every 10 minutes.

---

**51** – Revised schedules weekdays and Saturday to improve service reliability. Improve weekday peak period frequency from every 6 minutes to every 5 minutes.

---

**66** – Revised schedule weekdays to improve service reliability. More trips weekdays, Saturday and Sunday for additional capacity.

---

**70** – Revised schedules weekdays and Saturday to improve service reliability. Updated route in south end of downtown LA, westbound via Grand Av & 18th St, eastbound via 17th & Olive St (matches Lines 76, 78).

---

**81** – Revised schedules weekdays, Saturday and Sunday to improve service reliability. Weekday frequency improves, changing from every 15–20 minutes to consistently every 15 minutes.

---

**92** – Revised schedules weekdays, Saturday and Sunday to improve service reliability. Saturday and Sunday service frequency improves, changing from every 40–45 minutes to every 30 minutes.

---

**106** – Revised route northeast of downtown LA, direct via 1st St in both directions (no longer Vignes St, Temple St) due to completed construction.

---

**111** – Weekday frequency improves, changing from every 12 minutes to every 10 minutes. Revised schedule Saturday to improve service reliability.

---

**115** – Revised schedules weekdays and Saturday to improve service reliability.

---

**125** – Revised schedule weekdays, with midday frequency adjusted from every 20 minutes to every 30 minutes, based on ridership and to improve service reliability.

---

**130** – Line becomes Long Beach Transit Route 141 with same route and similar schedule to Metro Line 130, coordinated with Torrance Transit Line 13 at Artesia A Line (Blue) Station.

---

**150** – Revised schedules weekdays, Saturday and Sunday to improve service reliability. Weekday peak period frequency improves, changing from every 24 minute to 20 minutes. Saturday and Sunday frequency improves, changing from every 45 minutes to every 30 minutes.

---
